

# PLASSON®

## Plasson UK Ltd

Plasson's comprehensive range of solutions for connecting PE pipe can be found in over 80 countries world-wide. The combination of Plasson's high quality products and first class customer service make it a world leader in the production of plastic pipe fittings.

## Applications

- Domestic
- Water Utilities
- Commercial
- Industrial
- Agricultural
- Building
- Plumbing

## Key Benefit

PlassOne Push Fit fittings provide easy connectivity of Polyethylene (MDPE) pipe to a variety of plumbing pipe materials

## PlassOne

*Simply Push to Fit!*

PlassOne is a range of innovative push-fit fittings that provide connectivity of Polyethylene (MDPE) pipe to a variety of plumbing pipe materials. Inserting the pipe up to the fitting stop creates both seal and grip on the pipe.

PlassOne is a 16 bar rated, WRAS approved fitting for MDPE, Imperial PE and Copper/PEX/PB pipe when used with an appropriate liner. It provides a drip tight seal even at low or negative pressures.

PlassOne is compact & has an attractive design making this fitting ideal for the plumbing market, where space is limited & appearance is crucial.

PlassOne is simple to assemble ~ simply push to fit ~ makes both the professional & occasional user's job easier whilst retaining the famous Plasson reliability.

## Key Features

- **Range of fittings from 20 mm to 63mm**
- **Assembly tools not required, Simply Push to Fit**
- **Compact size allows assembly in confined spaces**
- **Provides connectivity of Polyethylene (MDPE) pipe to MDPE, Copper, PB, PEX and imperial pipe**
- **Fully demountable**
- **Fully end loaded performance so no need to restrain joints**
- **Lightweight and maintenance free**
- **50 year design life**
- **All fittings bagged individually complete with liners**
- **Tamper resistant**
