

Calderprep™ Plus Rotary Scraping Hand Tool

Perfect for any small diameter jobs the Calderprep Plus is lightweight, strong and durable. The tool delivers consistent results over traditional hand scraping tooling.

The Rotary hand scraping tool will peel 100% of the scraped area every time. With mandrills available from 20-63mm, it's perfect for any small diameter pipe scraping job.

FEATURES

- Lightweight, strong and durable in design
- Service kit comes in Portable carry case
- Removes pipe ovality
- 100% of scraped area removed every time
- Mandrills available for sizes 20-63mm

Optional

- Power drive adapter

Calderprep™ Plus Rotary Scraping Hand Tool
