

# 3P Wall Tank

## Superior Rainwater Storage Tanks

A durable, premium quality tank for garden rainwater storage.

Improved for 2008 with a massive 750 litre capacity and a new premium quality finish. Simple design, yet with a small space saving footprint.

Has three inset brass connectors at 3/4", one tap point and two for further tank or pump attachment.

Fill with filtered rainwater from the 3P Filter Collector.

Colour. Granite, Sandstone, Green, Black  
Art no. 9000510, 520, 530, 540

*Available in Green, Black, Grey Granite or Sandstone*
